Dear Member-Owner,

You are invited to attend your Credit Union's Annual Dinner. This night will prove to be filled with laughs, excellent food, gifts, & most importantly an update of what the Board Of Directors has approved to help continue to move the Credit Union forward while providing increased financial services to you—the member & owner of State CS Employees FCU. More details about the Annual Dinner is on the back of this newsletter.

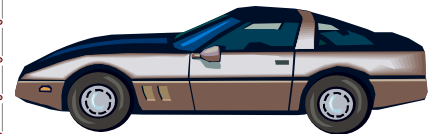

Last year the Annual Dinner was sold out so be sure to get your ticket early. I am looking forward to seeing you on May 2nd.

Sincerely,

Theresa M. Eassa, CEO

ATTENTION DEBIT CARD USERS

To help protect you from fraud, your Credit Union has enhanced your existing security protection. Your debit card now has a new real time protection feature. As criminals become more sophisticated, protecting your account during the sale transaction could prevent fraud immediately. Due to this new security protection, there may be some instances when you are declined while trying to use your card if activity is outside of the normal spending habits or considered extremely suspicious.

If traveling out of state, abroad or planning to make purchases outside your normal spending pattern, just give us a call so we can make software adjustments.

We hope you enjoy the peace of mind that comes with knowing your card carries this real time security feature!
